tion. Love - unselfish brotherly Love - is not only the rule, but the delight of all those who dwell within the Kingdom. That is the Nature of God, beloved ones, and is what We are trying to develop in those of the Earth who claim to love Us and who desire to follow Our footsteps.

You know - We talk about you a great deal up here. We knowmore about you than you know about yourselves, which is, perhaps, just as well because you are all very self-conscious and all so desirous of doing your best that corrections bring you to a point of self-condemnation and discouragement instead of raising you up. We would like you to realize, beloved friends, that the circumstances of life, or the Masters who love you, will never place an obstruction or hurdle on your path that you are not capable of scaling with flying colors.

Now, beloved friends, do not 'let us down' before the Karmic Board. Let us stand before Them and point with pride to the student body which has sworn 'to serve Us ever' as you say in your songs and decrees. We know that you are worthy of the trust and faith We, the Ascended Master Brotherhood, have placed in you.

God bless you all ways.

ADDRESS BY THE LORD MAHA CHOHAN
WHITSUNDAY - May 20, 1956
(continued)

Beloved Ones:

In every expression of the Law you will find the 'leftists' and the 'rightists' as well as those who follow the middle way. When We present the idea of being 'your brother's keeper' through an activity of love and understanding, some follow on the side of sympathy; some on the side of restraining them from the appetites of their lower natures; but the wise, standing in the center of their own heart's Flame, draw out the virtues of their fellowmen while they, themselves, remain untouched by censure, praise or blame that is liable to disturb the feeling worlds of either themselves or those they happen to be treating.

You all know that Paul, the Venetian, is a great musician, and all great musicians strive to draw the best qualities from both their instruments and the music composers. Likewise, all great teachers draw out of their flock the virtues, talents and gifts that often lie dormant in the lifestream, making each one to grow and blossom from within himself. That is the activity of the Spiritual Law, and you will find that in India as well as in other Eastern Countries where true unascended Masters teach the Law, that the chelas who gather in a circle around them suddenly find within themselves a reason for being, an

illumination, a new confidence, an added virtue, an undeveloped talent, because that teacher - centered and poised within His own heart Flame - has drawn forth the beauty and magnificence of the Divine Pattern which is anchored within the heart of the chela.

Now that is what We are doing with you, beloved hearts. As I look upon you or counsel with you, or whether another Master does it, We do not see the human expression as you see each other. We are constantly endeavoring to draw forth from the Immortal Flame within your heart the Divine Pattern and Plan which it is your destiny to develop and express until you are an externalized manifestation of your own God-Mastery.

I will touch briefy on the subject of the Holy Trinity so as to give you an understanding of My service through your worlds. We will take it in three portions - first from above, and then from below:

1. The God-Parents of the System (Helios and Vesta) represent the Father-Mother principle of God. In Them you have the projected Immortal Three-fold Flame of God around which is coalesced the electronic light to make the individualized "I AM" Presence - the Sun. Their individualized Presence creates the glory of Their Causal Body which is the Holy Spirit in action, completely harmonious, blending all the various Rays according to the design of the God-Presence within.

2. In the lifestreams evolving upon the Earth, the individualized "I AM" Presence, working

in conjunction with the free will of the intelligence or ego, creates the aura of the Causal Body, which also represents the Holy Spirit. Therefore, when you sing: "Glory be to the Father and to the Son and to the Holy Spirit," you sing first to the God-Parents who gave you birth; second - to the Son (your own "I AM" Presence), and third - to the Holy Spirit (the accumulated good in your own Causal Body).

3. In the physical Octave, your own "I AM" Presence becomes the Father, the Holy Christ Self within your heart - the Son; and your aura - made up of the emanations from your four lower bodies - represents the Holy Spirit on the Earth plane.

Understanding this, beloved ones, you may perhaps get a small conception of what My particular service to life is and My solicitude for the purification and expansion of your consciousness. When you have duplicated around your four lower bodies the glory of your Causal Body, you will have externalized, while yet unascended, the Holy Trinity, and will have become Masters in Love. I ask you to ponder deeply on this.

Lord Maitreya and I were speaking recently about the Law, and Lord Maitreya said that He felt that perhaps We were giving you too much of the Law for your outer minds to digest at one time. However, We both felt that, for the sake of those following after you - an entire evolution of people who would perhaps benefit by the instruction that you may never even need to use, We had better take advantage of the forcefields, of your faith, of your presence, as well as advantage

of the temporary contact between the Ascended Masters' Realm and the human, and get as much of this Law as possible down to you. So, be not disturbed if you seem to have too many activities to engage your blessed minds at this time because We are writing a whole Bible - a whole Bible that will live and be read by millions of people long after you have come Home. Take what you can; digest it; enjoy it; but,, oh, My children, do not allow yourselves to become tense about it!

Remember, you cannot 'swallow' all of the universe in a day; nor can you - in a moment - make whole in your very being that which has taken US thousands of years to understand! Above Lord Maitreya; above the New Lord of the World (Gautama); above Myself are Truths, understandings and principles that even We know not of. So, beloved ones, it is an orderly procession of Truth ever upward into the very Heart of Truth.

Here I thought that I would give you a brief description of the Wesak Valley Festival which you will celebrate on Thursday, the day when the moon will reach the fullness of its radiation this Spring.

Why does the Lord of the World choose the time of the full moon for His visitation? Because, beloved ones, the emotional bodies of the people are at their fullest tide at that time and there is more opportunity to pour the radiation from above. I am sure you all know well the story of the Wesak Valley Festival. It is described minutely in Mr. Leadbeater's "The Masters and the Path". You have heard Us, for some years now, describe the pilgrimage to some valley in the

Eastern Hemisphere where the GreatWhite Brotherhood do honor to the Beloved Gautama Buddha (now become the Lord of the World). Here He, in turn creates a visible Luminous Form in the atmosphere and pours through His Causal Body the benediction of His Presence to the assembled Great White Brotherhood; to the pilgrims fortunate enough to be in the vicinity; and to the chelas who are able to consciously leave their bodies and attend in their inner forms.

When Lord Gautama decided within Himself to expand His Causal Body to meet that of Sanat Kumara, He naturally made a much greater radiating center of blessing, so the outpouring of the new Lord of the World will be much greater at this coming Wesak Festival than it has ever been before.

If you will step into your lovely Grail (the forcefield), We shall ride swiftly to India and settle down at the base of the cliff that overlooks the Wesak Valley activities. You will see that some of the pilgrims have already arrived. You will see the yak tents and the inhabitants busy about their personal ablutions, each one getting ready in his own way to receive the benedictions of the Lord. You may look upon the Angelic Beings and Builders of Form who are supervising the spiritual activity, and you will see the great Beings occupying the four cardinal points of the valley under the Beloved Archangel Chamuel.

Some pilgrims are arriving in beautiful caravans from the rich lands of the Maharajas; others come from the lowlands of India and Ceylon. The untouchables are coming on bare feet, having

crossed the hot sands of India and through jungle morasses. Some come from China and Malaya. Many start on the long journey, but all do not arrive. However, it is the motive that counts and all that start receive a blessing.

The Beloved Sanat Kumara will hold the place usually occupied by Lord Maitreya this year, thus reversing the currents - Gautama in the atmosphere and Sanat Kumara holding the Rod of Power for the benediction. Very few in the assembly are aware of the elevation of Lord Gautama to His new estate, but they will sense it in the benediction. May I ask you to remember Our beloved India in your prayers, dear ones, as you return after your brief visit.

Blessings and Love,

MAHA CHOHAN

Beloved Children of the One Father:

After carefully listening to the reports and petitions presented to the Karmic Board for the upliftment of the race by ascended and unascended beings alike at the great Royal Teton half-yearly Council meeting, it seemed to be the general consensus of opinion that while a knowledge of the Law has increased appreciably on the Earth plane, the generation of Divine Love in the feelings of the people has not kept pace with it. It was, therefore, the unanimous hope of the attending members that mankind at large, particularly those who come under the direct instruction of the Ascended Masters, would awaken in time to the fact that the conscious generation of Divine Love in the feelings is an absolute essential requirement if they are to rise above the present human consciousness.

The Seven Mighty Archangels, and the entire Angelic Host for that matter, through their affiliation with the emotional bodies of mankind, are all Cosmic exponents of this indispensable God-Quality and may be invoked without limit if an individual finds it difficult to love or tolerate or have compassion for his fellowman.

Lord Michael Himself, in a recent address, and the Beloved Gabriel, a part of Whose address I have the pleasure in offering you this week, both make appeals for the conscious generation of Divine Love and kindliness in the student
